### New Student Referral Discount Form

The fundamental objective of this policy is to financially benefit current families who directly introduce new families to BBCA.

The program works like this: The currently enrolled family will receive a \$1000 discount for each new family (up to a maximum of five), that is enrolled at BBCA. The new enrolling family will receive a \$1,000 tuition discount for each student they enroll in BBCA. Families that pay the full tuition up front would be given a check for their referral. If your family has a direct part in successfully enrolling five new families for the full year, your first student pays no tuition. All fees, of course, would still apply.

What you need to know about the program:

1. Each new family and student must be willing to sign the School Covenant, the Statement of Faith and the Parent Commitment forms.
2. A new student would be someone who has not been enrolled at BBCA during the previous school year.
3. The discount applies only to the 2017/2018 school year for both currently enrolled and newly enrolled families.
